KEY POINTS FOR DUAL ENROLLMENT

- Dual enrollment is the start of a student's college transcript. The grades students earn in dual enrollment will follow you forever.
- Please be aware of student's college GPA. Take dual enrollment courses seriously. These grades can affect your college admissions, Bright Futures, and financial aid eligibility.
- **Students that earn a grade below "C" or withdraw from a course will be removed from the collegiate high school program.**
- If a student's high school unweighted GPA drops below 3.0, they will be removed from the collegiate high school program.
- If a student does not meet the testing requirements by the deadlines, they will be removed from the collegiate high school program.
