

BARTRAM TRAIL  
**ATHLETICS**  
HIGH SCHOOL

May 3, 2017

Dear Parents and Future Bears,

Welcome to Bartram Trail High School and showing interest in our volleyball program! I am looking forward to working you and your daughters. I am Lainey Kekic and would like to provide you with some important information pertaining to the volleyball team for the upcoming summer.

At Bartram, we believe in the full high school experience that being with importance on academics first and also being highly competitive on the volleyball court. Volleyball is a great team sport that allows individuals to showcase their skills but also learn that no one player is more important than the whole team. We can not be successful if we do not embrace being a good teammate with great attitudes and devotion to each other. I teach this and expect this from every player.

Some important things to get done before you can attend team activities is to register your daughter online at <http://www-bths.stjohns.k12.fl.us/athletics/forms/> This will take you through the process of what forms you need and to upload your physical. You cannot attend open gyms or summer league until this is completed.

I will be sending out June and July open gym and conditioning schedules once times get set. However, in addition to open gyms we will be participating in a summer league at JJVA in Jacksonville every Monday evening starting June 4th. Freshman and JV times are 6:30-8:30pm. There is no cost for the players. There will be a break from activities including summer league starting June 27th - July 9th. Tryouts will take place August 1st through the 3rd.

I am excited for you to be a part of the Bartram Trail community and hopefully the volleyball program.

Please email me so I can add you to my email list so additional information on times and dates can reach you.

GO BEARS!

Thank you,

Coach K
