

Golfers/Parents,

Here is some of the preliminary information for participation on the 2020 Boys Golf Team:

All golfers who are trying out for the 2020 Season must be eligible.

Eligibility requirements: Parents/Athletes must go to <https://athleticclearance.com/> and complete the athlete registration process which requires submitting an updated physical as well as Concussion/Heat Forms, Parent Permission form and acknowledgment of Codes of Conduct Forms.

The first projected cut will likely be made after three, nine hole rounds have been completed. A second projected cut will be made. Making the team will be based upon an objective 9-hole average score. Golfers are expected to participate in all rounds. The following are specific tryout dates and locations for this Fall 2020:

Due to the existence of COVID-19, there may be differing requirements for participation at each Course, and FHSAA, District and School level precautionary measures will be followed. Those precautionary measures remain fluid and may be different as we approach these tryout dates.

Unfortunately, the existence of COVID-19, and the uncertainties that accompany it, will have an impact on Boys Golf during the upcoming season. Policies and procedures may differ from the past. These too, may be fluid and will be addressed as necessary.

Any updated information will be forwarded to those golfers/parents who have registered through the athleticclearance.com website.

Looking forward to tryouts and a competitive 2020 Season.

Coach Snyder
