

BARTRAM TRAIL BEARS BASKETBALL

OUR VISION

Humility. Passion. Unity. Servanthood. Appreciation.

The purpose of this basketball program is to produce well-rounded individuals who are committed to the team, pursue excellence in all that they do, strive for victory with honor and our servant leaders.

We are one of the most respected programs in the area and will consistently compete for **Championships**. We are dedicated to competing the right way by respecting the game and our opponents. We pursue excellence each and every day. We are grateful to be part of a tremendous basketball program, a tremendous school, and a tremendous community.

We are relentless on the court. We will play hard by giving our best effort each day. We will play smart by being students of the game and understanding the importance of preparation. We will play together by serving one another and understanding what is best for the **Team**. We attack every day with passion and persistence to improve.

Success in the classroom is just as important as success on the court. We understand that we are students first. We contribute in the classroom by being leaders and role models for other students. We prepare to continue our education after high school. We will become productive leaders for the future.

We will create a positive impact in the community. We are an important part of Bartram Trail High School and will be positive representatives of our basketball program, our school, and our community. We enjoy the opportunity to serve others.

We appreciate our alumni and value their impact on the basketball program. Our alumni know that they are an important part of our success and our always welcome on campus.

We represent ourselves, our teammates, our coaches, our alums, and our school with pride. We are thankful for the opportunity to be on this team and to be part of something so much bigger than ourselves. No matter where we are or what we're doing, we will always be grateful for the **Team**, the sport of basketball, and for our school.
