## From the Sideline...

First off, I want to say THANK YOU to all the parents/families that helped out with the Basketball Tailgate last Friday. It was an enjoyable event and was a great way to tip-off the season. A special thanks to the Bowker and Webb families for grilling over 100 hot dogs.

Secondly, the past two weeks have shown a lot of promise. These young men have committed to working hard on the court and being great teammates. There has been growth each day in practice and we are committed to getting better each day. Along with our effort on the court, our basketball players have improved communication and leadership skills during our Leadership/Team Development with Coach Chancellor.

Last week with the team we discussed the importance of legacy and making a lasting positive impact on the basketball program, school, and the community. This week's theme is titled **THE TEAM, THE TEAM, THE TEAM.**
