

BARTRAM TRAIL BEARS

SUMMER BASKETBALL 2022

To all players interested in playing JV basketball in 2022-23:

Thank you for your interest in the Bartram Trail Basketball Program. My name is Jeremiah Teuscher, and I am the boys' basketball coach at Bartram Trail High School. I am entering my 16th year as a teacher and basketball coach at Bartram Trail. We are looking for young men of character who work hard, have a positive attitude, have a growth mindset, and put the team above themselves. We have had much success in our basketball program due to the hard work, dedication, team first mentality, and growth of our student-athletes. Each day is an opportunity to get 1% better and we are excited to have some opportunities for our rising 9th and 10th graders to come out this summer.
