Bartram Trail Competitive Cheerleading Program Supporter-

We want to thank you for your consideration about becoming a sponsor this season. Without your help, and all of the community supporters, our season would not be as successful. This year we are asking our business supporters to make a donation to our cheer program (explained on following pages).

This past year our cheer program had a lot of success, and we plan to continue the success. The girls have become well known in Jacksonville and the state of Florida for their success on the mat. The girls were crowned FHSAA 2A Large Division State Champions and were granted a bid to UCA Nationals where they advanced to Finals, where they placed 7th out of over 40 teams. Our JV program also attended UCA Nationals, where they were crown Large Junior Varsity National Champions.

With your help and continued support we are able to provide our athletes with the best resources possible to achieve success and able to attend competitions at different levels. Your support will help to cover the following:

- Fees associated with Varsity & JV competitive teams' attendance at regional and national level competitions, including coaches' expenses;

- Funds for necessary equipment such as pom-poms, tumbling mats, new mascot uniforms, signs and flags;

- Additional expenses for choreography, music, tryouts and competition preparation.

- End of Year Banquets and Post-Season Awards

We want to personally thank you for your generosity and support of our program. We look forward to seeing you at our events and doing business with you in the future. Your financial backing fuels every aspect of our program, ensures our ability to succeed and will be great for your business.

Thank you for your time and continued support,

Danielle Parker

Head Coach
