Bright Futures Community Service Hours Guidelines

Florida Statutes 1009.534, 1009.535, 1009.536

The student must identify a social or civic issue or a professional area that interests him or her, develop a plan for his or her personal involvement in addressing the issue or learning about the area, and, through papers or other presentations, evaluate and reflect upon his or her experience. Except for credit earned through service-learning courses adopted pursuant to s. 1003.497, the student may not receive remuneration or academic credit for volunteer service work performed. Such work may include, but is not limited to, a business or governmental internship, work for a nonprofit community service organization, or activities on behalf of a candidate for public office. The hours of volunteer service must be documented in writing, and the document must be signed by the student, the student's parent or guardian, and a representative of the organization for which the student performed the volunteer service work.

In alignment with the guidelines above, St. Johns County School District provides clarifying examples in this document of types of service work that are and are not permitted. Each district reserves the right to determine what types of activities are acceptable (Bright Futures Handbook, Ch.1, pg.4) and may differ from surrounding districts. If the activity is determined ineligible for Bright Futures, the student can still add the service to their resume and note it for college admissions, scholarships, or professional skill building. **Bright Futures requires that hours must be submitted to the student's school counselor/designee no later than the student's high school graduation date. It is recommended the student submit their hours each year of high school or as they are completed.**

This table does not include all possible activities. The school principal is the final determiner of activity approval or denial if the service activity cannot be agreed upon at the school level.

Steps for Students to Complete Prior to Volunteering

- Determine an area/topic in the community where you would like to make an impact.
- Research the types of volunteer activities available in your community. The district community service website lists local opportunities and community service guidelines for St. Johns County School District: <https://www.stjohns.k12.fl.us/guidance/community-service/>
- Contact the organization you are interested in volunteering with and determine 1) the steps to become a volunteer, 2) if they have volunteer openings for the dates/activities you are interested in, 3) who the contact will be to verify your hours and participation in the activity. *Note: Supervisor must be non-family member with organization who directly supervises the student during the activity outside of the home.*
- If you have a question regarding whether the service activity is acceptable or not, reach out to your school counselor or school community service hours designee.

Steps for Students to Complete During Volunteering

- Keep track of hours, dates, & activities completed during service to verify with whoever supervises you during your community service.

Steps for Students to Complete After Volunteering

- Have the supervisor of your service provide a signed letter on the organization's letterhead describing the type of service performed, who in the community the service benefited, and a description of the service event.
- Make a copy of all completed forms for your records.
- **Student provides letterhead and reflection log (attached) to the school counselor or designee with all required signatures included.**
