Graduation GPA Requirement

Grade Point Average

Cumulative GPA must be a minimum of 2.0 on an unweighted 4.0 scale

Course Concerns should be addressed during the first quarter, BEFORE a poor grade impacts a student's semester grade/credit/GPA. Course Attendance, Completion of Assignments, Preparation for Testing and Seeking Additional Help from the Teacher are the foundation of success in all courses.

Highly at Risk - D/F Grades in multiple courses may need intervention. The first review by a team of educators will be a look at the student's ATTENDANCE, COMPLETION of ASSIGNMENTS, TEST SCORES, and ADDITIONAL ASSISTANCE received. An "All Teacher" conference may be appropriate.

Parents can set an appointment directly with an individual teacher to talk about their student's performance in a course.

For students highly at risk, a school counselor can coordinate an All Teacher Conference at the parent's request.
