Grade Recovery

Students who have earned a grade of D or F in a course can retake the course for grade recovery online or Edmentum. Once the new higher grade is earned the Registrar's office will zero out the failing or D grade and replace with the higher grade and re-calculate your GPA and credits. Please note that the original grade of D or F will remain on your transcript but will not affect your GPA. (NCAA guidelines – collegiate athletes cannot take grade recovery through Edmentum but must complete grade recovery on FLVS or SJVS)

- The state allows us to grade average one semester that is failed with a semester that is passing to pass a course and earn credits. We still recommend re-taking the half credit failed course for grade recovery.
- The website for online grade recovery is www.flvs.net Counselor approval is needed to take any course for grade recovery.
- Grade recovery labs can be scheduled on your BTHS schedule to complete during the school year. Prior to summer break Counselors will recommend grade recovery courses through Edmentum that can be completed at home over the summer months.

Promotion Requirements

- 9th to 10th Grade
