

On October 11th, Sophomores and select 9th and 11th graders participated in the 2023 PSAT. Scores are set to be released mid-November.

To access scores:

- If your Student provided their mobile number on test day, they will receive a text message with access to the [**BigFuture School mobile app**](#).
- Students must have a College Board account. You can create an account here: <https://studentscores.collegeboard.org/home>
- Students should create the account using the email that they entered in Blue Book on test day.
- When scores are released by College Board, students should receive an email to notify them.

Students who receive a 430 or higher on the PSAT Math and *still need the Algebra 1 EOC graduation requirement* should submit their score report to their counselors to show a concordant score.
